**DETAILED ACTION**

***Status of Claims***

1. Claims 1, 3-6 and 8-15 are pending.  
Claims 1, 3-6 and 8-15 are rejected.  
Claims 2 and 7 are canceled.

***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:  
  
(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1, 3-6 and 8-15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Le-Khac (US 5,470,813) in view of Combs et al (US 6,821,308 B2), for the reasons given in the previous office action, mailed May 10, 2006.

***Response to Arguments***

5. Applicant's arguments filed September 11, 2006 have been fully considered but they are not persuasive. The Examiner believes a prima facie case of obviousness exists because although the prior art teach that the use of polyoxyalkylene monoethers containing less than about 6 mole percent of alkoxyated unsaturates offer substantial advantages for fuels. This does not negate the fact that the prior art also teaches that polyoxyalkylene monoethers

Art Unit: 1621

containing more than 6 mole percent of alkoxyated unsaturates exist and are suitable for use in fuels (see for example column 1, line 53 to column 2, line 9 of Combs et al.).

The rejection of claims 1, 3-6 and 8-15 under 35 U.S.C. 103(a) as being unpatentable over Le-Khac (US 5,470,813) in view of Combs et al (US 6,821,308 B2) is maintained,

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
